EMBRACE THE SUPPLY CHAIN REVOLUTION

Automation, Transformation, Innovation

- > **Thursday, 25 October 2018**
Technology Enterprise Centre
Building 1 Conference Room
2 Research Avenue
Bundoora VIC 3083
8:30am – 1:30pm
- > **Presenter**
GS1 Australia

Are your manual processes limiting your potential?
Can you trust your data? Your trading partners?
Do you know technology is within your reach?
Why not do more than compliance?

Moving beyond compliance drives profitability, productivity and performance.

This **free** workshop will empower you to not only supply into the automated warehouse, but also enable you to transform your own business from the ground up.

This workshop will cover:

- > Awareness – Do you understand what is happening in the marketplace?
- > Opportunity – Is your supply chain a competitive advantage?
- > Challenges – What are the supply chain gaps in your business that can be improved now?

For more information on this workshop, please contact John Lochery on 0449 210 515.

The Entrepreneurs' Programme is the Australian Government's flagship initiative for business competitiveness and productivity. It forms part of the Government's National Innovation and Science Agenda. The Programme uses experienced Advisers and Facilitators, drawn from industry, to ensure businesses get the advice and support they need to improve their competitiveness, productivity and to maximize their growth potential. For more information go to www.business.gov.au/EP.

FIAL is an industry led, government funded initiative focused on collaboratively growing the share of Australian food in the global market.
